Capability Statement

www.amtek.net

Logixservice inc dba Amtek Computer Services has been providing "Best In Class" computer hardware products and maintenance services for a variety of market segments since 1980. We have supported customers both nationally and internationally on virtually all makes and models of computer related hardware including servers, printers, copiers, network devices, etc. Additionally, we have partnered with large integrators like Ingram Micro, Synnex and others to provide managed print services. Our services reduce the frustration businesses experience in having to deal with multiple companies for computing service needs.

CORE COMPETENCIES

- Hardware Reseller and Maintenance Service Provider - We provide warranty and extended warranty services on virtually all makes and models of servers, workstations, printers, copiers, tablets, networks etc in the marketplace. This includes impact, laser and MFP's.
- Hardware Maintenance Service (Servers, Tablets, Notebooks, Workstations, PC's, UPS Systems) -We provide warranty and extended warranty services on most makes and models of servers, pc's and workstations.
- Managed Print Services - We will provide assessment, parts, supplies and labor on a cost per page basis for printers and copiers nationally.
- Deployment Services - We can provide deployment services for servers, workstations, printers and copiers nationwide.
